

NASFAA Encyclopedia Order Form *nonmembers*

The NASFAA *Encyclopedia* on the Web is the ultimate resource on student aid law and regulation. Known as the "Bible of Student Aid," the *Encyclopedia* is a must-have tool for all financial aid professionals. The *Encyclopedia* is different from other resources – it contains objective, interpretive text (written by NASFAA's professional staff) with links to relevant source documents. Both the Web and CD-Rom versions are completely searchable!

For auditors who work in the higher education arena, the *Encyclopedia* helps take the guesswork out of questions that arise during an audit of a financial aid office – it's an invaluable tool that can be accessed from any computer with Internet access or it can be installed on a laptop for easy reference during reviews. Areas covered include General Program Administration, Federal Pell Grant, FSEOG, FWS, Perkins (NDSL), FFEL, and Direct Loans.

If you have any questions, contact Membership Services at membership@nasfaa.org or 202-785-0453, ext 1.
